LEKKER 38

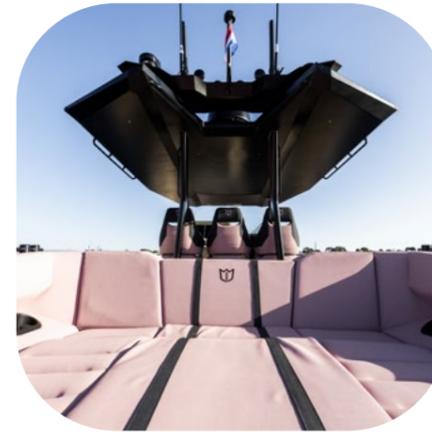

Performance in its purest form.

Fast, fearless and made for the unexpected — the LEKKER 38 brings serious performance wrapped in refined simplicity. At 11.6 meters / 38 feet, she's compact in profile yet surprisingly spacious, with room for 14 and overnight comfort for 2. Built in lightweight aluminium and capable of hitting 57 knots, this day yacht doesn't follow plans — it creates them.

From island escapes to last-minute parties, the LEKKER 38 moves with your lifestyle. Fully custom. Fully yours. Designed to thrill. Built to explore.

Space

The console gives you a great view on the water and on board. Its practical layout ensures that every inch is used to its full potential. Plenty of room to spend a day on the water with friends and family.

Easy

With the Volvo Penta joystick system, docking is easy. The system gives you complete control of the boat and makes it possible for everyone to dock safely.

Speed

Because of its lightweight it enables you to maintain stability even at high speeds. Equipped with a triple outboard engine, the 38 can reach an impressive speed of 57 knots.

Aluminium

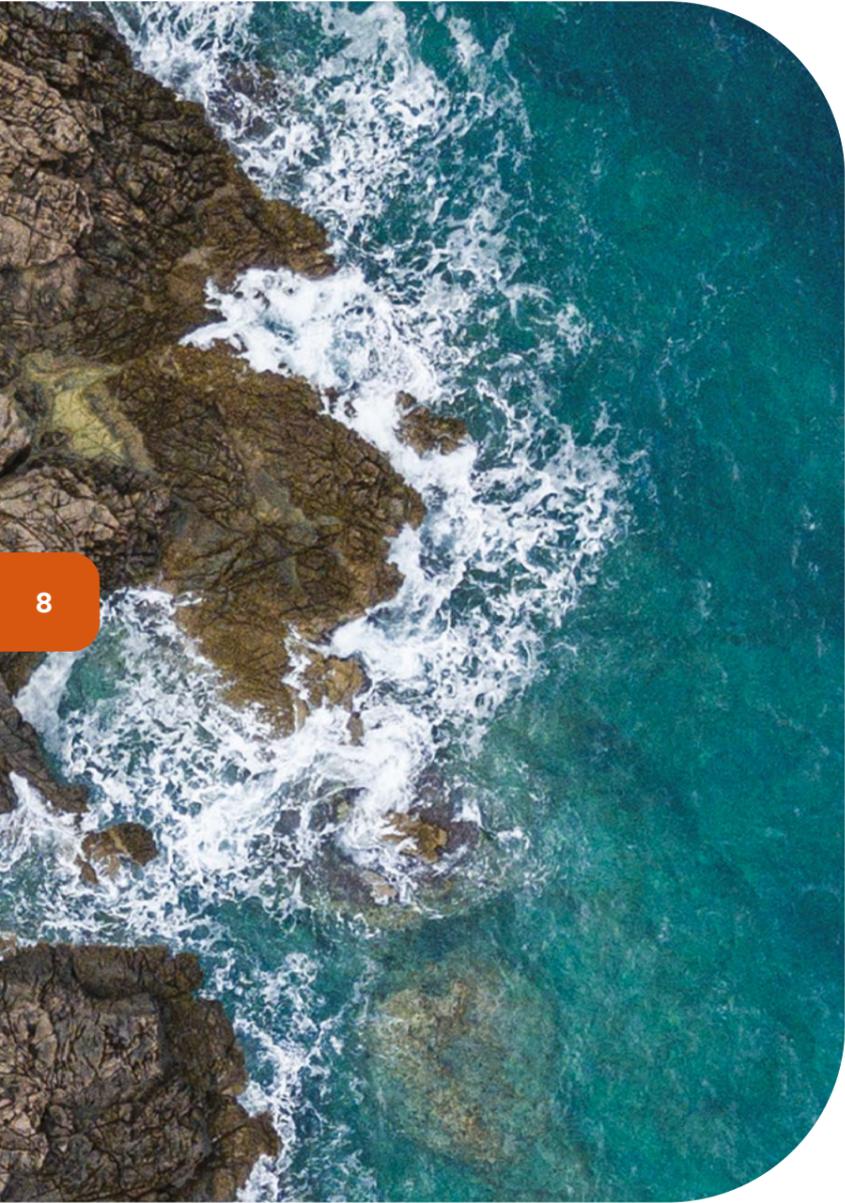

All boats are built in the Netherlands using only the highest quality materials. Aluminium allows complete customisation, ensuring each boat reflects your preferences and style.

Navigate adventure

From rocky coastlines to shallow bays, choppy seas to sun-drenched stillness — the LEKKER 38 is made to handle it all.

Her lightweight aluminium hull isn't just fast — it's tough. Resistant to impact. Built to last. Unbothered by salt, sun or swell. This is freedom without compromise. Take her anywhere. Worry about nothing.
