LEKKER 45 Next level social yacht

This is the social yacht that goes beyond expectations. Built from raw aluminium, the LEKKER 45 is made to endure — salt, swell, sun and spontaneity. It's as solid as it is stylish, with a layout designed for connection. From long lunches on deck to late-night dives under the stars, she adapts to every moment with effortless performance and unshakable presence.

Built to perform. Engineered to endure. Made to connect

LEKKER®

LEKKER 45

Space

With it's 45 feet, space is what you get. The backside of the ship offers 2 large tables for lunch or dinner with family & friends. Go below deck for a nap, prepare food or take a shower.

Easy

With the Volvo Penta joystick system, docking is easy. The system gives you complete control of the boat and makes it possible for everyone to dock safely

Speed

Enjoy the world with exceptional speed. With the 45 you can achieve 52 knots with the triple outboard engine setup and conquer the waters, without spilling your drink.

Custom

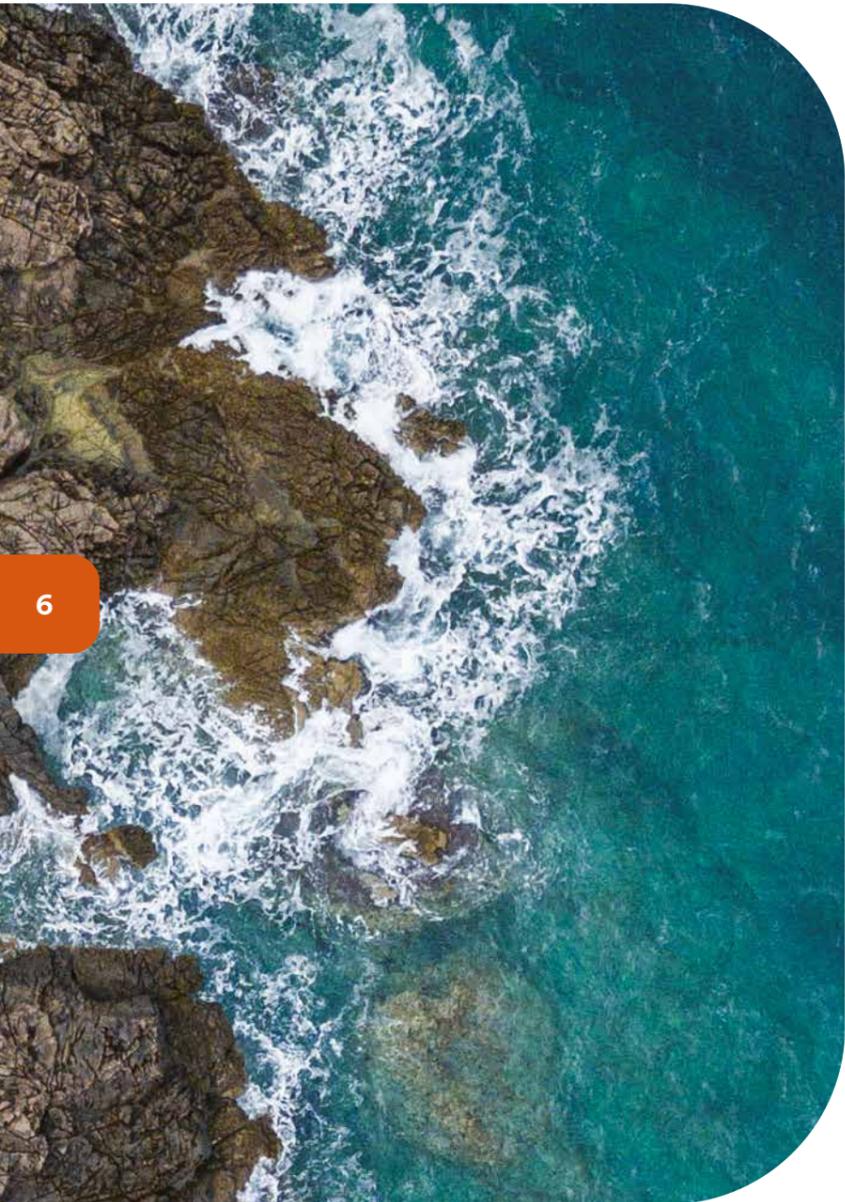

Each 45 is designed by LEKKER in the Netherlands. We involve new boat owners closely in the process, to equip the yacht with innovative gadgets to fit every need.

LEKKER 45 Endless ways to make it yours.

The LEKKER 45 is built to reflect you — not the other way around. From carbon helm seats and a high-low swim platform to foldable side steps and a full 20-speaker sound system, every detail can be tailored. Add a big sunbed, a sliding TV, or custom seating for long afternoons with friends. Want more tech? More comfort? More edge? Let's build it your way — inside and out.
